

LITTLE GIN & RUM CO

FESTIVE TASTING

We recognise it isn't always possible to get everyone to the same location in this **busy season** - so what better way to connect with colleagues and clients than with a **5 STAR virtual tasting** or cocktail experience hosted specifically for you?! All with a **fabulous festive twist and oodles of holiday cheer!**

HOW IT WORKS

1. Book your private virtual experience on your preferred date and time, for a **minimum of 6 guests**
2. Complete our participant details template and return via email. We need this **no later than 2 weeks before your event**
3. All participants will receive their own tasting or cocktail kit **via courier ahead of your event with ALL drinks required for the experience.**
4. **Detailed electronic tasting notes** will be sent for you to use to host your own fabulous tasting experience!

THE NITTY GRITTY

1. Guests will be provided with ALL drinks required for the experience. They will need to prepare their own ice and fresh fruit for the cocktail experience and any garnishes desired for the tasting experience.
2. Your virtual experience will be hosted by one of our tasting hosts, exactly as they would do in a face to face experience. This can be on our Zoom account or a video platform of your choice
3. Our virtual experiences are fun, relaxed and informal with plenty of time to sip, discuss and chat as a group.
4. The hosted tasting session lasts approximately 1 hour. We will then leave you to enjoy any remaining drinks together if you would like to keep the party going.
5. We require ALL participant details returned in the correct format of the spreadsheet provided.
6. Details must be returned and payment must be made in full before kits can be shipped.
7. All data is collected for shipping purposes only and will be deleted after your order is processed.
8. Shipping is to UK addresses ONLY.
9. Once we have your participant details we will issue a BACS or Credit Card invoice for the total amount (a credit card invoice incurs a 2.5% fee). Full payment must be received before we can post out any kits.
10. We will replace any kits that have been damaged or lost in the post, at our cost, or offer a full refund for that kit.
11. We cannot offer a refund or replacement for any kits where delivery has been attempted.
12. We cannot offer a refund for any orders cancelled once kits have been shipped
